FIGHT TO WIN MARRIAGES

Tuesday Prayer Call Recap | November 3, 2026 | Topic: Don’t Grow Weary

> **“Let us not grow weary while doing good...”**
>
> **Galatians 6:9 (NKJV scripture excerpt)**

Session overview

Terrie Beeman encouraged couples to remain faithful through difficult seasons, keep God central to marriage, and pay attention to personal spiritual growth rather than focusing only on a spouse’s shortcomings. The discussion highlighted perseverance, prayer, inner healing, and the testimony that may emerge from difficult experiences.

Five key teachings

- **Keep God at the center.** Ecclesiastes 4:12 describes a threefold cord. Terrie applied this to husband, wife, and God as a foundation for resilience.
- **Do not grow weary.** Galatians 6:9 reminds believers to keep doing good even when a season is exhausting or answers seem delayed.
- **Look inward as well as outward.** Ask God to reveal personal habits, responses, bitterness, unforgiveness, or unresolved wounds that need healing.
- **Stay connected spiritually.** Study Scripture, pray, and intentionally spend time with God instead of pulling away during challenges.
- **Let your testimony encourage others.** Terrie reflected on struggles in her marriage with Donald and how renewed focus on God contributed to progress over time.

What perseverance can look like

- **Surrender:** Release attempts to control your spouse and seek wisdom about your own next steps.
- **Examination:** Ask what you may need to begin, stop, forgive, heal, or change.
- **Prayer:** Pray for unity, peace, protection, restoration, and your family’s future.
- **Support:** Remain involved with trusted faith community and seek wise help when needed.

Personal reflection questions

- Where am I feeling discouraged or tempted to give up?
- What might God be showing me about my own attitudes or actions?
- Am I holding on to resentment or an old wound that needs attention?

- What is one realistic step I can take to strengthen my marriage this week?
- How can my experience become an encouragement to someone else?

Prayer focus and next steps

- Pray for your spouse, your own spiritual maturity, your marriage, and your family.
- Read Galatians 6:9, Ecclesiastes 4:12, and Romans 8:28 this week.
- Ask God to reveal anything in your heart that needs healing and take one constructive step.
- Encourage a struggling couple with compassion; respect privacy and avoid judgment.
- Continue joining Tuesday gatherings and share ministry resources with others.
